

Category	Sub-Category	Definition	Example
Agriculture	Food Production	Production of crops and animals for human consumption.	Corn, wheat, soybeans, chickens, cattle.
	Non-food Production	Production of crops and animals for non-human consumption.	Pineapple, rubber, oil palm, coffee.
Manufacturing	Food Processing	Production of food products from raw materials.	Flour, sugar, oil, salt, flour, oil, salt.
	Non-food Processing	Production of non-food products from raw materials.	Plastic, metal, glass, paper, wood.
Services	Food Services	Production of food services for human consumption.	Restaurants, fast food, grocery stores.
	Non-food Services	Production of non-food services for non-human consumption.	Transportation, warehousing, storage.
Construction	Residential Construction	Production of residential buildings and structures.	Houses, apartments, condominiums.
	Commercial Construction	Production of commercial buildings and structures.	Offices, factories, retail spaces.
Transportation	Railways	Production of railroads and rail vehicles.	Freight rail, passenger rail.
	Airports	Production of airports and air vehicles.	Airports, aircraft, air traffic control.
Utilities	Electricity	Production of electricity for power generation.	Power plants, transmission lines.
	Water	Production of water for drinking and irrigation.	Water treatment facilities, pipes.
Information Technology	Software	Production of software for computers and mobile devices.	Operating systems, productivity tools.
	Hardware	Production of hardware for computers and mobile devices.	Computers, phones, tablets.
Finance	Banking	Production of banking services and products.	Commercial banks, investment banks.
	Insurance	Production of insurance services and products.	Life insurance, property insurance.
Retail	Physical Retail	Production of physical retail stores and shopping centers.	Supermarkets, department stores.
	Online Retail	Production of online retail platforms and e-commerce.	Amazon, Walmart.com.
Healthcare	Medical Services	Production of medical services and treatments.	Hospitals, clinics, pharmaceuticals.
	Healthcare Products	Production of healthcare products and equipment.	Medical devices, pharmaceuticals.
Manufacturing	Food Processing	Production of food products from raw materials.	Flour, sugar, oil, salt, flour, oil, salt.
	Non-food Processing	Production of non-food products from raw materials.	Plastic, metal, glass, paper, wood.
Services	Food Services	Production of food services for human consumption.	Restaurants, fast food, grocery stores.
	Non-food Services	Production of non-food services for non-human consumption.	Transportation, warehousing, storage.
Construction	Residential Construction	Production of residential buildings and structures.	Houses, apartments, condominiums.
	Commercial Construction	Production of commercial buildings and structures.	Offices, factories, retail spaces.
Transportation	Railways	Production of railroads and rail vehicles.	Freight rail, passenger rail.
	Airports	Production of airports and air vehicles.	Airports, aircraft, air traffic control.
Utilities	Electricity	Production of electricity for power generation.	Power plants, transmission lines.
	Water	Production of water for drinking and irrigation.	Water treatment facilities, pipes.
Information Technology	Software	Production of software for computers and mobile devices.	Operating systems, productivity tools.
	Hardware	Production of hardware for computers and mobile devices.	Computers, phones, tablets.
Finance	Banking	Production of banking services and products.	Commercial banks, investment banks.
	Insurance	Production of insurance services and products.	Life insurance, property insurance.
Retail	Physical Retail	Production of physical retail stores and shopping centers.	Supermarkets, department stores.
	Online Retail	Production of online retail platforms and e-commerce.	Amazon, Walmart.com.
Healthcare	Medical Services	Production of medical services and treatments.	Hospitals, clinics, pharmaceuticals.
	Healthcare Products	Production of healthcare products and equipment.	Medical devices, pharmaceuticals.

Category	Sub-Category	Definition	Example
Agriculture	Food Production	Production of crops and animals for food.	Corn, wheat, cattle, chickens.
	Non-food Production	Production of goods and services other than food.	Plastics, steel, software, medical equipment.
Manufacturing	Manufacturing	Production of goods from raw materials.	Automobiles, clothing, paper products.
	Construction	Production of structures and infrastructure.	Buildings, roads, bridges.
Services	Transportation	Movement of people and goods.	Airlines, shipping, delivery services.
	Information	Production of intangible products.	Software, consulting services, education.
Trade	International Trade	Trade between countries.	Imports, exports, trade agreements.
	Domestic Trade	Trade within a country.	Local markets, retail stores, e-commerce.
Finance	Banking	Handling of money and financial transactions.	Checking accounts, loans, investments.
	Investment	Investing in stocks, bonds, real estate, etc.	Stock market, venture capital, hedge funds.
Healthcare	Healthcare Services	Providing medical care and treatments.	Hospitals, clinics, pharmaceuticals.
	Healthcare Products	Manufacturing of medical supplies and equipment.	Medical devices, pharmaceuticals, medical equipment.
Retail	Physical Retail	Sale of goods in physical stores.	Supermarkets, department stores.
	Online Retail	Sale of goods via the internet.	E-commerce platforms, online marketplaces.
Manufacturing	Manufacturing	Production of goods from raw materials.	Automobiles, clothing, paper products.
	Construction	Production of structures and infrastructure.	Buildings, roads, bridges.
Services	Transportation	Movement of people and goods.	Airlines, shipping, delivery services.
	Information	Production of intangible products.	Software, consulting services, education.
Trade	International Trade	Trade between countries.	Imports, exports, trade agreements.
	Domestic Trade	Trade within a country.	Local markets, retail stores, e-commerce.
Finance	Banking	Handling of money and financial transactions.	Checking accounts, loans, investments.
	Investment	Investing in stocks, bonds, real estate, etc.	Stock market, venture capital, hedge funds.
Healthcare	Healthcare Services	Providing medical care and treatments.	Hospitals, clinics, pharmaceuticals.
	Healthcare Products	Manufacturing of medical supplies and equipment.	Medical devices, pharmaceuticals, medical equipment.
Retail	Physical Retail	Sale of goods in physical stores.	Supermarkets, department stores.
	Online Retail	Sale of goods via the internet.	E-commerce platforms, online marketplaces.

“Причина — это то, что побуждает нас к действию, а результат — это то, что получается в результате этого действия.”

“*การจัดการความเสี่ยง*” คือกระบวนการที่ใช้ในการประเมินความเสี่ยงที่อาจเกิดขึ้น ซึ่งมีวัตถุประสงค์เพื่อ “*ลดความเสี่ยง*” ให้ต่ำลง แต่ในทางกลับกัน “*การจัดการความเสี่ยง*” ก็สามารถ “*เพิ่มความเสี่ยง*” ให้สูงขึ้นได้เช่นกัน ดังนั้น “*การจัดการความเสี่ยง*” จึงเป็นกระบวนการที่ต้องมีการวางแผนอย่างระมัดระวังและต้องคำนึงถึงผลลัพธ์ที่คาดหวังไว้ ไม่ใช่แค่การลดความเสี่ยงอย่างเดียว แต่ต้องคำนึงถึงผลกระทบที่อาจเกิดขึ้นหากความเสี่ยงนั้นๆ ไม่ได้รับการจัดการอย่างเหมาะสม

For the first time, we have been able to compare the results from different studies using a common metric. This allows us to make more informed decisions about which metrics are most effective.

“**प्राणी विद्युत्**” एवं “**प्राणी विद्युत्**” एवं “**प्राणी विद्युत्**”

After the initial analysis, the following five dimensions were identified as critical to the success of the program:

www.english-test.net

These findings suggest that the relationship between the two dimensions of gender-discrimination and the configuration of gender-discriminatory and non-discriminatory norms is more complex than previously assumed.

The general approach of this paper is to propose a new method for estimating the parameters of the model.

Category	Sub-category	Definition	Example	Notes
Conceptual	Abstract concepts	Concepts that are not directly observable or measurable, but are inferred from observed phenomena.	Gravity, energy, matter, time, space.	
	Concrete concepts	Concepts that can be directly observed or measured.	Books, cars, trees, people, animals.	
Cognitive	Conceptual	Concepts that represent abstract ideas or principles.	Mathematics, science, philosophy.	
	Practical	Concepts that represent practical knowledge or skills.	Cooking, driving, carpentry.	
Emotional	Conceptual	Concepts related to feelings or emotions.	Love, hate, joy, sadness.	
	Practical	Concepts related to practical applications of emotions.	Empathy, compassion, resilience.	
Social	Conceptual	Concepts related to social interactions and relationships.	Friendship, family, community.	
	Practical	Concepts related to social roles and responsibilities.	Leadership, teamwork, communication.	
Physical	Conceptual	Concepts related to the physical world and its properties.	Mass, energy, motion, matter.	
	Practical	Concepts related to practical applications of physical principles.	Engineering, technology, sports.	
Spiritual	Conceptual	Concepts related to spiritual beliefs and experiences.	God, soul, karma, spirituality.	
	Practical	Concepts related to practical applications of spiritual beliefs.	Meditation, prayer, community service.	
Aesthetic	Conceptual	Concepts related to beauty, art, and aesthetics.	Art, music, literature, nature.	
	Practical	Concepts related to practical applications of aesthetic principles.	Design, fashion, architecture.	
Technological	Conceptual	Concepts related to technology and its applications.	Computers, robotics, engineering.	
	Practical	Concepts related to practical applications of technological principles.	Software development, manufacturing, infrastructure.	
Economic	Conceptual	Concepts related to economics and financial systems.	Money, markets, inflation.	
	Practical	Concepts related to practical applications of economic principles.	Business, finance, investment.	
Political	Conceptual	Concepts related to politics and government.	Democracy, capitalism, socialism.	
	Practical	Concepts related to practical applications of political principles.	Politics, law, governance.	
Cultural	Conceptual	Concepts related to culture and society.	Tradition, ethnicity, religion.	
	Practical	Concepts related to practical applications of cultural principles.	Language, customs, traditions.	
Ethical	Conceptual	Concepts related to ethics and moral principles.	Right and wrong, justice, fairness.	
	Practical	Concepts related to practical applications of ethical principles.	Morality, responsibility, accountability.	
Moral	Conceptual	Concepts related to morality and values.	Good and evil, right and wrong.	
	Practical	Concepts related to practical applications of moral principles.	Conscience, integrity, honor.	
Religious	Conceptual	Concepts related to religion and spirituality.	God, soul, karma, spirituality.	
	Practical	Concepts related to practical applications of religious beliefs.	Meditation, prayer, community service.	
Philosophical	Conceptual	Concepts related to philosophy and abstract ideas.	Truth, reality, existence.	
	Practical	Concepts related to practical applications of philosophical principles.	Logic, reason, critical thinking.	
Psychological	Conceptual	Concepts related to psychology and mental processes.	Mind, behavior, perception.	
	Practical	Concepts related to practical applications of psychological principles.	Counseling, therapy, self-improvement.	
Societal	Conceptual	Concepts related to society and its dynamics.	Community, culture, tradition.	
	Practical	Concepts related to practical applications of societal principles.	Politics, law, governance.	
Environmental	Conceptual	Concepts related to the environment and its impact.	Nature, ecology, sustainability.	
	Practical	Concepts related to practical applications of environmental principles.	Conservation, recycling, green living.	
Technological	Conceptual	Concepts related to technology and its applications.	Computers, robotics, engineering.	
	Practical	Concepts related to practical applications of technological principles.	Software development, manufacturing, infrastructure.	
Economic	Conceptual	Concepts related to economics and financial systems.	Money, markets, inflation.	
	Practical	Concepts related to practical applications of economic principles.	Business, finance, investment.	
Political	Conceptual	Concepts related to politics and government.	Democracy, capitalism, socialism.	
	Practical	Concepts related to practical applications of political principles.	Politics, law, governance.	
Cultural	Conceptual	Concepts related to culture and society.	Tradition, ethnicity, religion.	
	Practical	Concepts related to practical applications of cultural principles.	Language, customs, traditions.	
Ethical	Conceptual	Concepts related to ethics and moral principles.	Right and wrong, justice, fairness.	
	Practical	Concepts related to practical applications of ethical principles.	Conscience, integrity, honor.	
Religious	Conceptual	Concepts related to religion and spirituality.	God, soul, karma, spirituality.	
	Practical	Concepts related to practical applications of religious beliefs.	Meditation, prayer, community service.	
Philosophical	Conceptual	Concepts related to philosophy and abstract ideas.	Truth, reality, existence.	
	Practical	Concepts related to practical applications of philosophical principles.	Logic, reason, critical thinking.	
Psychological	Conceptual	Concepts related to psychology and mental processes.	Mind, behavior, perception.	
	Practical	Concepts related to practical applications of psychological principles.	Counseling, therapy, self-improvement.	
Societal	Conceptual	Concepts related to society and its dynamics.	Community, culture, tradition.	
	Practical	Concepts related to practical applications of societal principles.	Politics, law, governance.	
Environmental	Conceptual	Concepts related to the environment and its impact.	Nature, ecology, sustainability.	
	Practical	Concepts related to practical applications of environmental principles.	Conservation, recycling, green living.
